

## About Citizen Advocacy

Our organisation is called **Citizen Advocacy**.

We support people with intellectual disability to speak with others about important issues.

It might be to speak up about

- Not being treated in a fair way
- Not getting the right support.

We can find a **citizen advocate** to support you.

# About citizen advocates

A citizen advocate is someone who lives in the same community as you.

They will like some of the same things you do.

They might support you to do things in the community.

You do not have to pay for the citizen advocate.

They will help make sure you are treated with respect.

They can support you to make your own decisions.

They could become someone you trust.
